Solicitation HQ754314 is amended as follows:

The State has determined that it is in the best interest, and those of bidders, to offer bidders questions and answers to any questions posed pre- and post- conference.

Question: On the opening page under the description of the data in items 1&2 you refer to Pop-Facts. Could you explain what this is?

Answer: Pop-Facts is an abbreviation of Population Facts.

Question: Page 1 of 18 you are asking for Charge per item \$____. Does this refer to the 572 variables outlined on pages 6-16 of what each one is worth at the Block Group and Zip Code levels?

Answer: Each group will contain the 572 variables. We are asking for a price for each group containing those 572 variables.

Question: Did a demographic supplier provide all the variables you are asking for last year containing data for Census 2000, 2006 Estimates, and 2012 Forecasts?

Answer: Yes.

Question: If a vendor did supply these data, did they conform to the maximum \$10,000.00 per year per items #2 & #3 in compliance to the Special Terms and Conditions?

Answer: Yes.

Question: If a vendor could not supply any data related to the 572 variables would they still be considered within the bidding process?

Answer: Yes, but you must be explicit with what information you are unable to provide.

Vendor hereby acknowledges receipt and understanding of above amendment.
